

# Organic Seaweed – Ebeltoft Vig ApS

# Organic Seaweed – Ebeltoft Vig ApS

## “Organic Seaweed Sunshield”

- an organic sunscreen product extracted from brown algae

# Organic Seaweed – Ebeltoft Vig ApS

Our needs are:

To team up with a business partner who can contribute with allergenic tests (in vivo)

To work with our business plan parallel to the technical investigation

# Organic Seaweed – Ebeltoft Vig ApS

Who are we:

We convert seaweed into organic high-value products; supplements, dietary, food and cosmetics

Our values are sustainability and ecology – as we only have got one planet .....

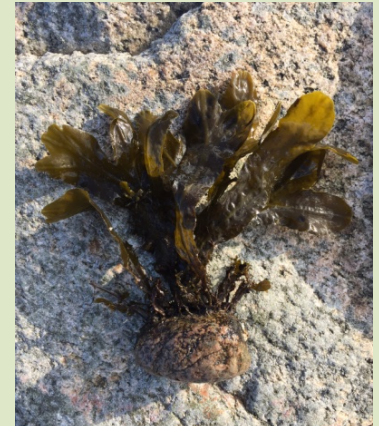

# Organic Seaweed – Ebeltoft Vig ApS

**Primary producer** - cultivation and harvesting of many types of seaweed (red, green and brown algae)

- 2 organic seaweed plants in which the seaweed grows on the natural substrate (wild growing)
- 10-14 tons of seaweed wet weight /year
- Option on 2-4 hectare of cultivation area of 8-10 m depth

## Manufacturer of seaweed products

- New Danish ecological health line "TANG"
- Organic seaweed tablets
- SPA footbath
- Organic Seaweed Sunshield - an ingredient for both organic and conventional creams

# Organic Seaweed Sunshield

**Organic Seaweed** by Mette Albrechtsen (applicant and projekt manager)

**Danish Technical University** (technical issues eg. extraction)

**Aarhus University** (Emission modelling & environmental geography )

**Zinobel** by Joan Arler (danish cream manufacturer / private labeling)

**Croda** (supplier and distributor of ingredients for the cosmetics industry)

.....

# Organic Seaweed Sunshield

Our market:

World wide ...business to business

# Organic Seaweed Sunshield

What is unique about our idea?

It's an organic product and we believe we are the first at the market if we succeed within 3 years
